BRIEF ABSTRACT OF LETTER.

Requests that clause IV of para 6 of the G.O on minor forests be amended so that the forest subordinates may not be given direct instructions by the Deputy Comrs as it will clash with forest interests without any advantage being derived thereby & that annual revenue may be realised from forests.

There is no hesitation in saying that the proposal in clause (c) of para 6 of the letter dated the 14th July 1924 should not be given effect to as suggested by the C.D. Instances of disputes by Communities dealing directly with Panchayats must be very rare. The Scheme may be tried for some time and the question of modification considered later if necessary.

As regards the crediting of Amrai & Kulbarni realisations referred to in para 2 of the P.A.'s letter it does not appear that any recommendation has been made and no orders have been passed in the former and the statement put up in connection with the G.O. of 14.7.1924. Probably it was the intention of Govt that no orders were necessary on the point. The question also may also lie over for the present perhaps.

It was not intended by the last Dep^t Com^r order that all orders issued by the D.C. should be communicated to the D.F.O. for communication to his subordinates. In any exceptional case of urgency the D.C. has to give any order direct to any subordinate officer of the Forest Dept. he should furnish a memorandum to the D.F.O. for his info^n.

With regard to the order of the Advocate General to the Forest Dept. this question will be considered after the minor Forests are formed & their Conservancy is taken up by the Forest Dept.

A Dept. order (subject to the Com^r's) on the above lines may be passed.

To

SIR,

With reference to G.O. No.C.239-297/Ft.164-20-11 dated the 14th instant passing orders in the matter of control and management of the District Forests, I have the honour to state that it is directed in Clause IV of para 6 of the G.O. that the District Forest Officer and all other subordinate Forest Officers in the District should abide by and carry out any instructions which may be given to them by the Deputy Commissioner of the District to whom they should consider themselves as subordinate so far as the administration of the Minor Forests is concerned. Instances are not wanting in which a set of instructions were issued to the Forest Subordinates direct by the Revenue Officers, whose execution often clashed with the scientific working of the Forests and such instructions have in many cases also been acted upon before the matter came to the notice of the District Forest Officer. The situation would, in no way, be bettered by the Range Officers being required to submit all such instructions for the final orders of the District Forest Officer, beyond causing a lot of avoidable delay giving room for complaints of tardy action on the part of the Forest Staff. In order to remedy these evils, which in actual practice would occasion a lot of trouble, I beg to suggest that the Deputy Commissioner may be enjoined to issue all instructions only to the District Forest Officer to enable him to safe-guard the interests of the Forests effectively while executing such instructions. In this case it would not be necessary that
